

MARKETING PROGRAM

The system is provided to qualified customers on a Lease Basis. No up front Capital outlay except for a moderate installation fee.

If Maine Micro Furnace cannot reduce your costs for heat, steam or electricity, you are not a prospect for the Pribish Burner.

Maine Micro Furnace will make a detailed analysis of your Industrial Waste and Energy needs.

Maine Micro Furnace will do a complete audit of your cost of transporting and disposing of your Industrial Waste.

Maine Micro Furnace will do a complete audit of Energy costs whether it is steam, heat or Electricity.

If you qualify, Maine Micro Furnace will customize and install a Pribish Burner System on your site.

Lease payments will consist of a share of the savings between the present cost of disposal of your Waste and the present Energy Costs.

No shut down time as the Pribish Burner is designed to eliminate interruptions.

For further information or a Demonstration, contact our Marketing Department.
